Call for Galleries 2026 - Dornbirn

Our mission statement

We value a professional presentation of high-quality artworks by our participants. For this reason, we have an external, independent jury that selects the participants from all the applicants for our art events and also allocates them to their booths using a curatorial approach.

For us, social values, mutual appreciation and acknowledgement are the basic prerequisites for cooperation.

We are not concerned with relationships of dependency, but with constructive and shared growth geared towards the future.

We focus on a professional, unique and, above all, sophisticated presentation of our participants.

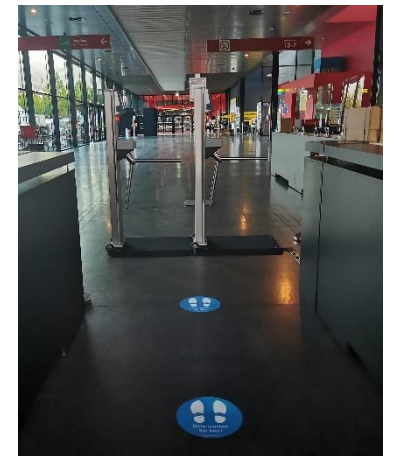

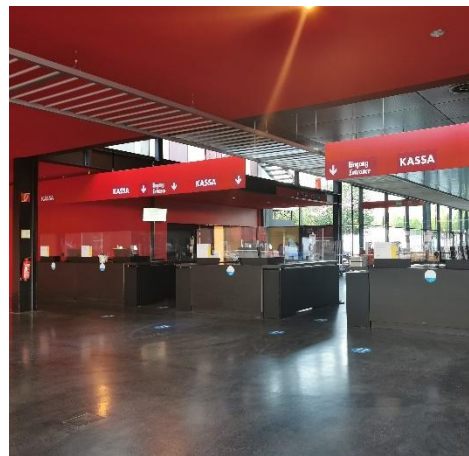

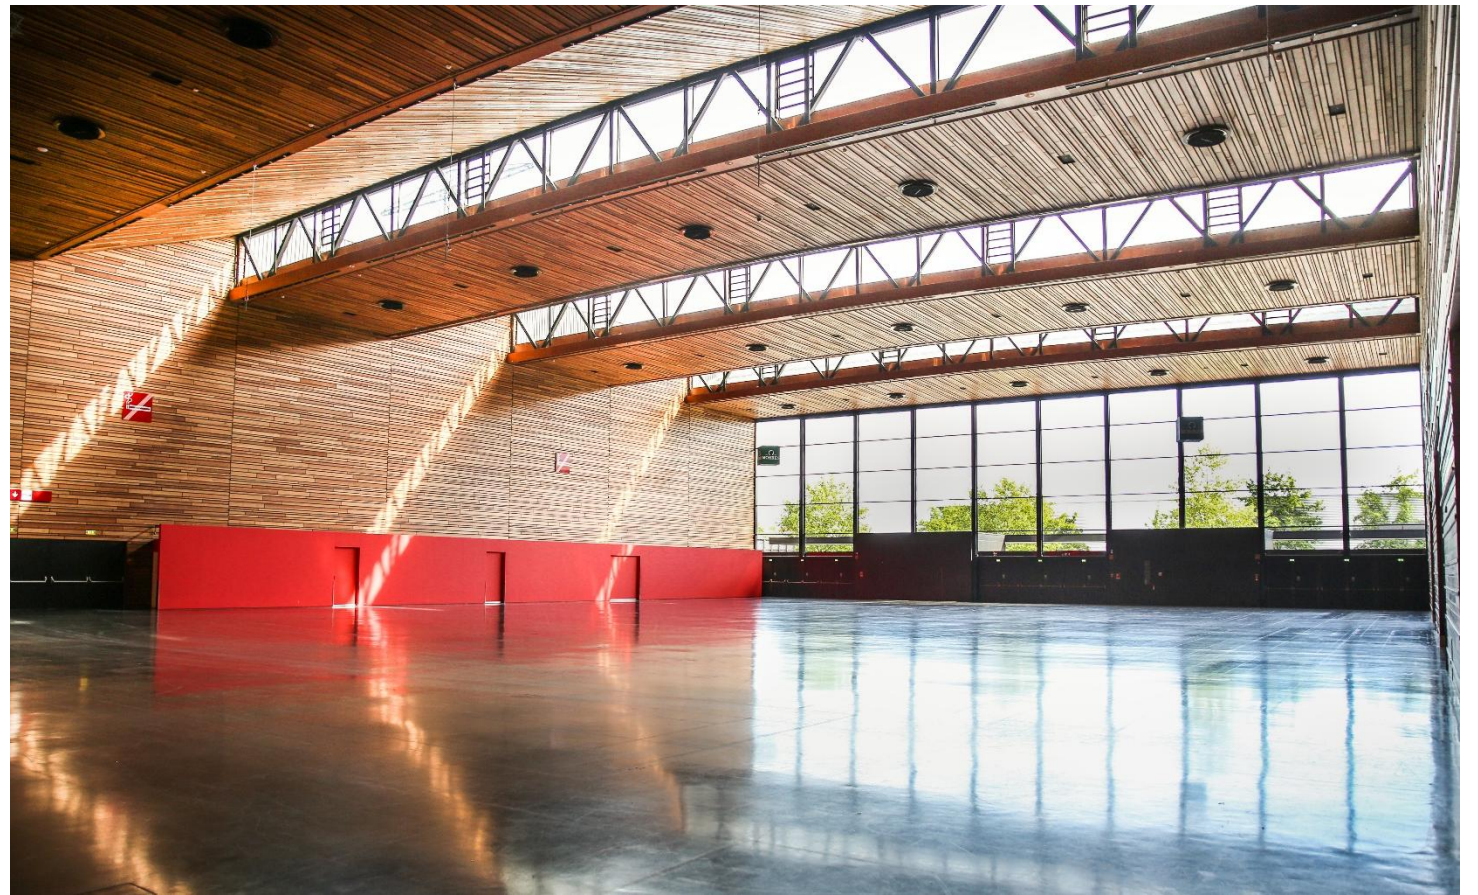

There are no costs for the application itself!

INC Bodensee at Messe Dornbirn

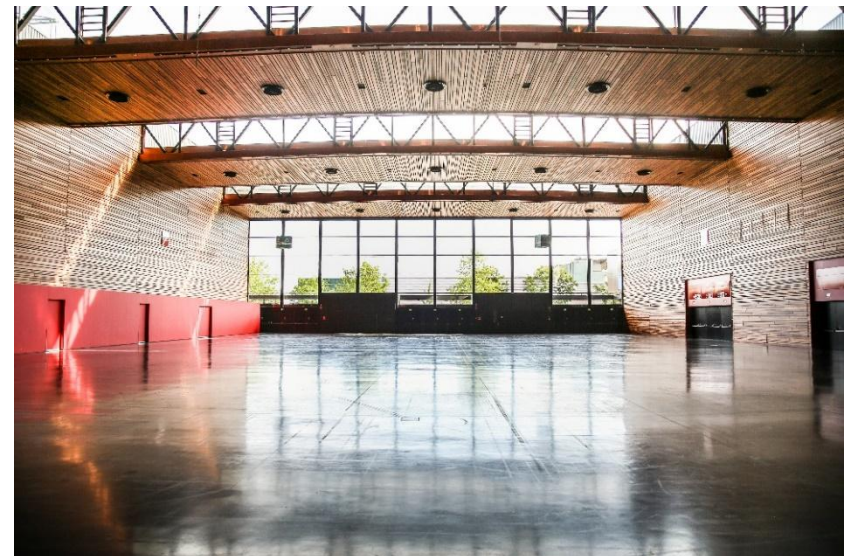

The new **INC art fair** Bodensee 2026 will take place for the second time in the Mohrenbräu-Halle in Dornbirn (Austria).

For more than 20 years, Messe Dornbirn has offered the perfect location and infrastructure for organising art fairs. With its 2,400 square metres and large-format daylight windows, the Mohrenbräu-Halle offers an exciting setting for the presentation of art.

The exhibition halls are characterised by their spaciousness, openness and accessibility, and the large window facades allow plenty of daylight into the interior.

In addition, over 1,000 parking spaces and good public transport connections make travelling to the exhibition centre a pleasant experience.

A shopping centre and the Four Points by Sheraton hotel are in the immediate vicinity.
